NASS worries over deplorable state of roads, causing accidents, hardships

By Joy Odor

THE Federal House of Representatives on Thursday expressed displeasure on the state of Nigerian roads which has reached a deplorable state, resulting in untold hardship for fellow Nigerians, hampering economic growth, and tarnishing our nation's image.

Aderemi Oseni, House Committee Chairman on the Federal Road Maintenance Agency (FERMA), who made the lamentations during the Committee meeting and FERMA Management Team led by the Managing Director, Chukwuemeka Agbasi and others.

Oseni said that the image of FERMA in the eyes of the public is one of inefficiency, corruption, and ineptitude, saying "this is a reality we cannot ignore and thus a perception that must be changed" as the Rep-

resentatives are tempted to take decisive actions to addressing the ugly situation by ensuring that FERMA become a beacon of hope for Nigerians.

"As stated in the Nigerian Constitution, the security and welfare of the people shall be the primary purpose of government. Our responsibility as the house committee on FERMA is to uphold this principle by working tirelessly to improve the state of our roads, ensuring the safety and convenience of our citizens.

"Let me state unequivocally that the 10th National Assembly will not accept business as usual in FERMA. The days of huge budgetary allocations with little or no impact on road maintenance are over. We are here to ensure that every naira spent by FERMA delivers tangible results for the Nigerian people. As su-

pervisory committee, it is our solemn duty to ensure that FERMA operates at the highest standard, achieves tangible results, and serves the Nigerian people effectively" he said.

The Committee Chairman maintained that the House would demand performance, value for money, accountability, transparency, and professionalism from FERMA, and would not hesitate to utilize the full instrumentality of the law to sanction any misdeeds that come to its attention.

He however said that the Committee were fully aware of the numerous challenges facing FERMA such as inadequate funding, outdated equipment, a lack of capacity, manpower shortages, but promised that the challenges would be addressed through proper legislative interventions to find lasting solutions.
