

SMART COOLER ECOSYSTEM - INTELLIGENCE BUILT INTO EVERY INTERACTION:

- **Always Connected:** Cloud-based real-time monitoring and sales tracking.
- **Intelligent Product Detection:** Hybrid system with weight sensors and AI vision for precise product recognition and reduced shrinkage.
- **Integrated Payment System:** Contactless and mobile wallet payments via fast, intuitive interface.
- **Live sales and inventory visibility:** Real-time SKU-level tracking with instant stock updates, out-of-stock, expiry and misplacement alerts. Easy on-site planogram configuration and remote inspection.
- **Operation Analytics:** Real-time dashboards, SKU tracking, and revenue insights.
- **After-Sales Support by Frigoserve:** Installation, maintenance, spare parts, and lifecycle service.

STANDARD CONFIGURATION

- Large Interactive LCD Touch screen
- Integrated POS payment system
- Sim Card connectivity
- Robust Electromagnetic (EM) lock
- Adaptive illumination and audio
- Multi-language Support
- Ergonomic easy-grip door handle
- Energy-efficient intelligent cooling* controller
- Self-closing door and door holder for assisted loading
- Five intelligent shelves for optimal planogram versatility
- Infinitely adjustable product dividers
- Durable all-metal cabin construction
- Four rollers and two adjustable feet for easy placement
- IP20 protection rating

OPTIONAL ACCESSORIES

- Price Profiles
- Electrical protection options (TCB, PRCD)
- Side and top glass branding with digital printing

PRODUCT SPECIFICATIONS

External dimensions (W x D x H) mm	965 x 752 x 2014
Internal dimensions (W x D x H) mm	680 x 594 x 1631
Net weight (kg)	127
Shelf size (W x D) mm	660 x 494
Gross Volume	696
Net Volume	668
Energy Class	B
EC (kWh/day)	0,88
Testing Standard	EN22044

SUSTAINABLE BY DESIGN

- Energy-efficient cooling system
- Optimized power consumption
- Reduced food waste via real-time tracking
- Durable long-life components
- Environmentally responsible refrigerants

Smarter retail. Lower footprint.
